STORY OF THE WINE

Blanca is a young white wine that we make in Gandesa, in the Terra Alta Denomination of Origin, the world mecca of Grenache Blanc, producing a total of 998 bottles in this 2020 vintage.

Blanca is bottled honesty. A white wine aged for only 4 months in second-year French oak barrels, as we pursue the purity of the variety from vines over 40 years old, planted in "honeycomb" and "tapas" soils.

Dry, fresh and with intense aromas and flavors of pear and melon, a background of flowers, mineral sensations and a persistent finish.

Blanca expresses the fresher side of this grape variety while perfectly balancing with the complexity of the oak, adding volume and accentuating the warm soul that this grape variety shows when grown in our Mediterranean climate.
